Hi Kathy,

During the NTWC Denver in-person meeting, you had mentioned to the Council that you maintained a list of all questions (e.g., issues where additional clarity is needed for the program) pertaining to 404 assumption to help inform future Agency actions on the 404 program.

On yesterday's NTWC-EPA monthly call, the NTWC Chair, Ken Norton, indicated that he was planning to reach out to you to ask for a copy of the summary.

In checking the comment summary (attached), I don't remember that they had requested such information at the time, or that you'd offered to share this information with them.

I wanted to give you a heads up that they request is likely coming, and to see if there is a response that you'd like to share with the Chair on your behalf, if he hasn't yet reached out to you.

Thank you,
